

Mobile CPC- SOP

Following steps are to be taken by the concerned DCF&S and field officials:-

1. Centre Registration:- Centre has to be created by the concerned DCF&S or the designated official of WBECS. However, type of centre must be “MCPC”.

The screenshot shows a web browser window with the URL `procurement.wbfood.in/State/CentreRegistration.aspx?1d`. The page title is "Centre Registration". The form contains the following fields and values:

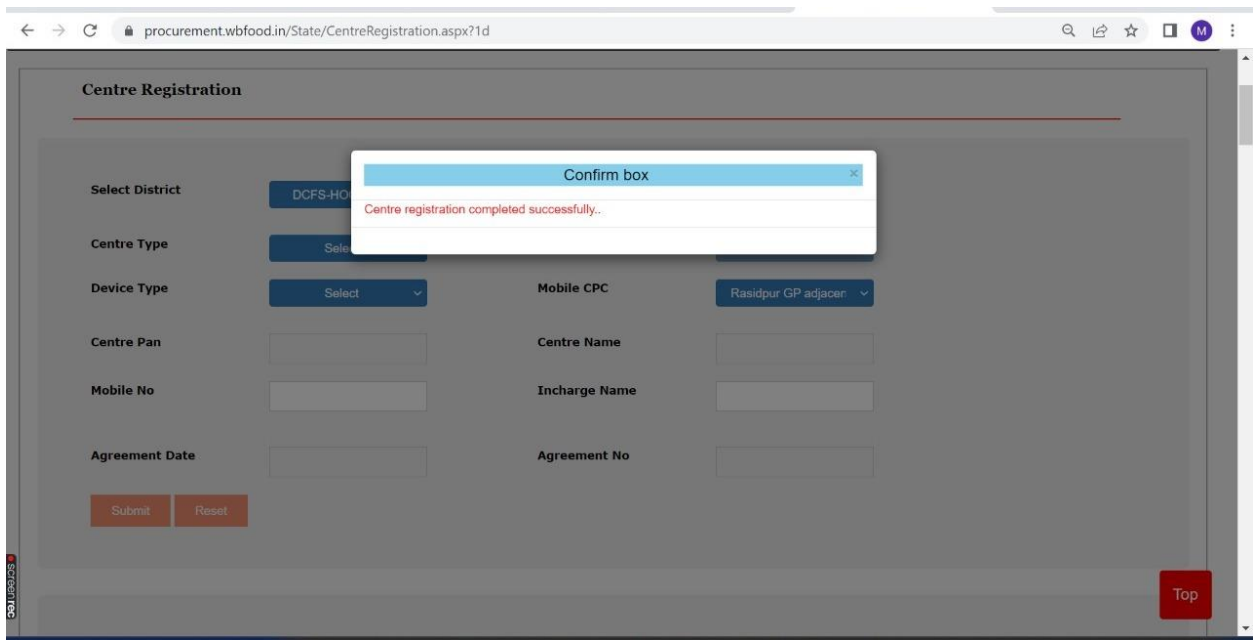

Field	Value
Select District	DCFS-HOOGHLY
Select Block	Jangipara
Centre Type	MCPC
Centre Linked	
Device Type	PC
Mobile CPC	Rasidpur GP adjacen
Centre Pan	
Centre Name	Rasidpur GP adjacent SKUS gr
Mobile No	9432090102
Incharge Name	Test INS
Agreement Date	
Agreement No	

Buttons: Submit, Reset, Top

Only the approved CPCs will appear in the list. However, centre should be created carefully and once created it can not be deleted.

The screenshot shows the same "Centre Registration" form as above, but with a confirmation dialog box overlaid. The dialog box is titled "Confirm box" and contains the text: "Centre registration once done can not be deleted,do you want to proceed...?". There is a "Save" button in the dialog box.

After successful creation of MCPC Centre, a confirmation message will be shown.

2. Creation of Login of PO/DO:- Like normal CPCs, User IDs of PO and DO(Optional) should be created.

The screenshot shows a table listing registered centres. The table has 12 columns: S.No, Status, Name, Address, Mobile No, Device Type, Code, Generate, and three columns for actions (Generate, Change Status, Active). The last row (S.No 60) is highlighted with a red border.

3. Tagging with Rice Mill and fixing Target:-

Like other CPCs, target of the newly created mCPC must be set.

At the same time, rice mill(s) should be tagged with the concerned mCPC

ID	Name	Balance	Action
30	Balipur Melatala High School, Vill.+P.O-Balipur-202221233810030 [Balance: 874.3230000000001 MT]	2911	Update

35	Rasidpur GP adjacent SKUS ground-222321233860001 [Balance: 1 MT]	1	Update

4. Activating the mCPC:-

After field level preparations are complete, the said mCPC should be made "Active". This is to mention here that farmers can make paddy selling schedule in a particular mobile CPC if it's status is "Active". It is suggested that the said MCPC must not be made active

5. Pool Mapping:-

Pool Mapping(SP/CP) of the said CPC must be done before starting of paddy purchase in any mCPC.

Process of Self Registration at Mobile CPCs:-

This is to reiterate that Mobile CPCs are supposed to run at different places in 5 days in a week.

Now, a farmer has to choose a particular day (i.e., Monday/ Tuesday/ Wednesday/ Thursday/ Friday) and accordingly the system will take him to the related page of the particular mCPC.
